## Welcome to OIS

At Oasis International School we welcome children of all nationalities. We foster an environment that is caring and supportive for all children who walk through our doors. We follow the CBSE Indian curriculum along with Arabic and Islamic studies. We offer quality education, the best trained, qualified and motivated teachers, modern facilities and innovative teaching methods. At Oasis International School you can rest assured your child's future is in safe hands.

With a constant strive for excellence and efficiency, Oasis International School, Al Ain offers high quality education to children of all nationalities.

### In our school:

- We follow the CBSE curriculum along with Arabic and Islamic studies.
- Your child can develop into a total quality pupil – a pupil with character, integrity, good values and a positive attitude.
- We believe in substance over form, not form over substance.
- We believe education not only serves in equipping a student with the necessary skills to make a living but it also serves as the supreme guide that empowers a student to live a life of excellence.
- We offer an education that builds fundamental traits of character, such as honesty, compassion, courage, persistence and responsibility.
- We focus on academic education which goes hand in hand with values education.

We follow the Central Board of Secondary Curriculum for all classes

## ADMISSION

Oasis International School looks at providing holistic education to students from all walks of life. We seek not just to educate our students but to inspire them; and for those with a drive to excel in academics and to develop into well-rounded individuals, we offer the ideal opportunity.

- Father's passport copy with visa page.
- Copy of attested birth certificate.
- Copy of Emirates ID of students and sponsor.
- Copy of Immunization (Vaccination) card.
- Attested Transfer certificate, progress sheet of the last examination taken.

## FACILITIES

### ICT Classrooms

At Oasis International School, the focus is on providing the best facilities to students. The School, in partnership with United Electro Technologies FZE (leading providers of end-to-end technology services in the education arena), provides educational materials such as audio visual lessons, animations, images, drawing etc. which covers NCERT/CBSE curriculum from pre KG to class 12. Technology helps the teacher to make the class very engaging and interactive.

### Science Lab

The School labs are set up as per the requirements of the Board for Physics, Chemistry and Biology and are well-stocked with the resources and equipments to promote experimentation. Apart from Secondary School, Primary School students also have regular laboratory sessions in the curriculum.

### School Library

The School has a well-resourced library with a variety of periodicals, journals, magazines, newsletters, fiction and reference books and volumes of encyclopedias. This builds on the literary competency of the learners, which is a strong feature of our reading programme. Students are encouraged to use the library for reading, creative writing and preparing book reviews and projects.

### Sports Facilities

Our outdoor sport facilities include a big area where children play various sports. Every child gets an opportunity to participate in competitive athletics and inter-scholastic sports. In fact, sessions are dedicated to sports, games and activities.

### Transport

Giving utmost importance to the convenience and security of the students, the school facilitates bus transport from every corner of the city. The charges and conditions for the same may be obtained from the administration office.
